End Application:

Ttwcs

End Attachment Style:

Clevis no. 1 first end

End Attachment Hole Diameter:

15.8 millimeters first end

End Attachment Length:

20.0 millimeters first end

Product Name:

Outboard intermediate rod

Special Features:

Nha; 7377993

Material:

Plastic

Material Specification:

Astm b637 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A52410
