Overall Length:

1.720 inches

Body Diameter:

0.780 inches

Body Width:

1.120 inches

Body Thickness:

0.500 inches

End Application:

Fixed air crews

Link Style:

Straight

Body Construction:

Solid

Product Name:

Link, metering pin

Special Features:

Two through holes diameter 0.1260-0.1340 one end. Two filler slots other end diameter 0.191-0.1920 wide by 0.3750 long

Material:

Aluminum

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A524I0
