Overall Length:

3.910 inches

Body Width:

1.000 inches

Body Thickness:

0.190 inches

End Application:

Special aircraft and engine tool and support equip/parts

End Attachment Style:

Raised face, square both ends

Link Style:

Offset

Body Construction:

Solid

End Attachment Length:

1.625 inches both ends

Product Name:

Connecting rod, weldment

Special Features:

Nha; 3922as168

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
