Overall Length:

3.910 inches

Body Width:

1.000 inches

Body Thickness:

0.190 inches

End Application:

Special aircraft and engine tool and support equip/parts

Link Style:

Offset

Body Construction:

Solid

Product Name:

Transfer weldment

Special Features:

Nha; 3922as168

Material:

Aluminum

Material Specification:

Qq-a-225/8 federal standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
