Overall Length:

10.875 inches

First End Diameter:

1.375 inches

Product Name:

Gearshaft (1), bevel spiral

Special Features:

Magnetic particle inspect in accordance with mil-i-6868; surface treatment: apply protective coating mil-p-16232, type m, class 2; heat treat per ws13554;

Material:

Steel comp 8620

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
