Overall Length:

0.844 inches

Body Width:

0.374 inches

Body Thickness:

0.438 inches

Body Construction:

Solid

End Attachment Hole Diameter:

0.210 inches first end

Product Name:

Crank

Special Features:

Material: carbon steel aisi 1015-1025; surface treatment: apply protective coating mil-p-16232, type m, class 2;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
