Overall Length:

3.875 inches

Body Width:

0.750 inches

Body Thickness:

0.748 inches

Body Construction:

Solid

End Attachment Hole Diameter:

0.375 inches both ends

End Attachment Length:

0.875 inches both ends

End Attachment Width:

0.750 inches both ends

Product Name:

Link, slotted

Special Features:

Material: steel 4140; heat treated to 40-45 rockwell-c by the martempering process; magnetic particle inspect in accordance with mil-i-6868; surface treatment: apply protective coating mil-p-16232, type m, class 2;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
