Overall Length:

8.750 inches

Body Width:

0.875 inches

Body Thickness:

0.875 inches

End Application:

3040-01-594-7781

Link Style:

Clevis ends

Body Construction:

Solid

End Attachment Hole Diameter:

0.375 inches both ends

End Attachment Length:

1.125 inches second end

Product Name:

Link, slotted

Special Features:

Material: steel 4140; surface treatment: heat treat to 40-45 rockwell-c by the martempering process. Magnetic particle inspect in accordance with mil-i-6868. Apply protective coating mil-p-16232, type m, class 2;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
