**Overall Length:**

2.125 inches

**Body Width:**

0.625 inches

**End Application:**

3040-01-594-7801

**Body Construction:**

Solid

**End Attachment Length:**

0.750 inches first end

**End Attachment Width:**

0.500 inches first end

**Product Name:**

Link

**Special Features:**

Material: alloy steel uns g43400; surface treatment: apply protective coating in accordance with mil-dtl-16232, type m, class 1. Finish coat all surfaces with .0002-.0005 thick solid film lubricant in accordance with mil-prf-46010. Magnetic particle inspect entire item in accordance with mil-std-1907, grade a. Heat treat to 30-35 rockwell-c in accordance with sae ams-h-6875, class a;

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A524I0

**Mil-std (military Standard):**

Mil-dtl-16232 spec.
