Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-595-4913>

Body Material:

Steel, corrosion resisting

Body Outside Diameter:

1.375 inches

End Application:

Small boats and craft

Extended Length:

1.625 inches

Mounting Facility Thread Diameter:

1.250 inches

Mounting Facility Thready Qty Per Inch (tpi):

12

Product Name:

Cylinder assembly

Special Features:

Includes no 232 clevis and pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A34200
