Overall Length:

4.375 inches

Overall Width:

5.125 inches

Construction Type:

One piece

End Application:

Used on dl 2527352, dl 2527195

Product Name:

Housing, spur gear

Housing Material:

Aluminum alloy

Special Features:

Material: aluminum alloy casting, astm b 26, alloy 356-t6 uns a03560 subst: 5771983 type j, gr 3, cl a

Material Specification:

Sae ams-std-2175 class 4, grade d assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A522y0
