Overall Diameter:

Between 3.000 inches and 3.500 inches

End Application:

Paving machine, bituminous material

Extended Length:

49.500 inches

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Single acting single cylinder

Product Name:

Cylinder, hydraulic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
