Width:

Between 15.25 millimeters and 15.75 millimeters

Overall Length:

40.0 millimeters

Overall Height:

12.7 millimeters

Bolt Hole Quantity:

2

End Application:

5895-01-334-3164

Bore Inside Diameter:

Between 6.34 millimeters and 6.35 millimeters

Product Name:

Bracket, eye, nonrotating shaft-assy of

Special Features:

2 mounting holes have m3x0.5-6h through threads

Material:

Stainless steel

Material Specification:

Qq-s-764, class 303, condition a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524a0
