End Application:

7-0000000-101ebom

Product Name:

Weight, adjustable, forward

Special Features:

Thickness tolerance +/- 0.003

Material:

Tungsten

Material Specification:

Ams 7725 national specification single material response

Specification Or Standard:

0.063 thickness

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A525e0
