First End Style:

Cross drilled hole and internally threaded

Second End Style:

External threaded

Overall Length:

48.4 millimeters

First End Diameter:

22.8 millimeters

First End Hole Diameter:

7.0 millimeters

First End Distance From Hole Center To End:

20.0 millimeters

Second End Diameter:

11.0 millimeters

Second End External Thread Length:

11.0 millimeters

Step Quantity:

3

Material:

Stainless steel

Material Specification:

Astm a564, condition a, comp 630 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
