Major Diameter:

109.7 millimeters

End Application:

2355-22-622-7966; mine clearing vehicle

Center To Center Distance Between Link And Shaft Holes:

1076.0 millimeters

Shaft End Thickness:

109.0 millimeters

Product Name:

Lever arm, rear

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524p0
