Overall Length:

31.000 inches

Body Width:

1.500 inches

Body Thickness:

0.380 inches

End Application:

Frag doors, 26x66

Link Style:

Tongue ends

Body Construction:

Solid

Product Name:

Connecting rod, handle side (lh)

Special Features:

Five 0.500 in (min) and 0.501 in (max) through holes in item for attachment

Material:

Stainless steel

Material Specification:

Astm a240, ty-316, cond-hr, anld and plkd assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
