First End Style:

Plain

End Similarity:

Identical

Overall Length:

52.500 inches

End Application:

An/brr6 unit

First End Diameter:

1.500 inches

Second End Diameter:

1.500 inches

Product Name:

Shaft, level wind

Special Features:

Material is monel type 400.

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
