Body Material:

Aluminum

Temperature Rating:

-32.0 degrees fahrenheit and 125.0 degrees fahrenheit

Overall Height:

6.25 inches

Bore Diameter:

0.75 inches

End Application:

4210-01-622-0440; truck, fire fighting

Mounting Facility Thread Class:

2a

Mounting Facility Thread Series Designator:

Unf and npt

Integral Valve Operation Method:

Pneumatic

Design Characteristics:

Single acting single cylinder

Product Name:

Cylinder, air

Special Features:

Oshkosh is oem

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A34200
