**Body Material:**

Aluminum

**Temperature Rating:**

-32.0 degrees fahrenheit and 125.0 degrees fahrenheit

**Overall Height:**

6.25 inches

**Bore Diameter:**

0.75 inches

**End Application:**

4210-01-622-0440; truck, fire fighting

**Mounting Facility Thread Class:**

2a

**Mounting Facility Thread Series Designator:**

Unf and npt

**Integral Valve Operation Method:**

Pneumatic

**Design Characteristics:**

Single acting single cylinder

**Product Name:**

Cylinder, air

**Special Features:**

Oshkosh is oem

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A34200
