Surface Finish:

Ground

Retainer Fabrication Method:

Pressed

Bore Shape:

Straight

Locating Feature:

Nonlocating

Standard Tolerance Designation:

Rbec no.1

Special Features:

Bearing consists of outer race and roller assembly only no inner race and blind hole in outer race 0.4375 in. Dia

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
