Overall Width:

Between 0.3900 inches and 0.3920 inches

Bore Diameter:

Between 0.1860 inches and 0.1875 inches

Overall Outside Diameter:

Between 0.49985 inches and 0.50000 inches

Retainer Fabrication Method:

Machined

Shield Quantity:

2

Load Direction:

Radial

Standard Tolerance Designation:

Abec no.7

Bearing Preload Rating:

2.0 pounds

Material:

Stainless steel shield

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
