Rolling Element Diameter:

0.1250 inches

Standard Tolerance Designation:

Afbma standard tolerance for balls, grade 500

Special Features:

Metallic hardness rating brinell standard min 160.0 in. And maximum 170.0 in.

Material:

Copper alloy

Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
