NSN 3110-00-100-8515

Thrust Ball Bearing - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3110-00-100-8515

Overall Height:
0.5625 inches

Overall Outside Diameter:
1.4688 inches

Bore Smallest Diameter:
0.7500 inches

Largest Bore Diameter:
0.8125 inches

Surface Finish:

Ground

Alignment Type:

Single
Standard Tolerance Designation:

Afbma standard tolerance for thrust bearings

Thrust Directional Capability Designation:

Special Features:

Banded od

Material:

Steel

Rigid

Style Designator:

Grooved race surface, banded od

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
