| Bore Diameter:                                          |
|---------------------------------------------------------|
| 0.8750 inches                                           |
| Overall Outside Diameter:                               |
| 1.1250 inches                                           |
| Alignment Type:                                         |
| Rigid                                                   |
| Standard Tolerance Designation:                         |
| Afbma standard tolerance for industrial needle bearings |
| Shelf Life:                                             |
| N/a                                                     |
| Unit Of Measure:                                        |
|                                                         |
| Demilitarization:                                       |
| No                                                      |
| Fiig:                                                   |
| A044a0                                                  |
