Overall Width:

12.00 millimeters

Bore Diameter:

40.00 millimeters

Overall Outside Diameter:

62.00 millimeters

Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Load Direction:

Radial

Bore Shape:

Straight

Internal Clearance:

0.0018 inches radial and 0.0025 inches radial

Standard Tolerance Designation:

Abec no.5

Special Features:

Stabilized for operation at 800 degrees f, face of outer ring marked w/serial no., outer ring fractured, retained by 2 holding rings

Material:

Steel retainer

Material Specification:

Ems10-b5, 78118 mfr ref single material response ball

Precious Material And Location:

Retainer silver

Precious Material:

Silver

Style Designator:

Non-loading groove, non-separable

Test Data Document:

73342-aeis15 15 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.). And 73342-aeis10aa03 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.). And 73342-aeis11aa69 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.). And 73342-aeis15aa22 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.).

Shelf Life:

N/a
