Rolling Element Diameter:

0.4375 inches

Standard Tolerance Designation:

Afbma standard tolerance for balls, grade 200

Special Features:

Metallic hardness rating brinell tungsten carbide min 625.0 in. And maximum 700.0 in.

Material:

Steel comp 5140 ball

Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
