Overall Height:

Between 1.0090 inches and 1.0110 inches

Bore Diameter:

Between 2.1255 inches and 2.1265 inches

Overall Outside Diameter:

4.9370 inches

Surface Finish:

Ground

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Simplified double acting

Material:

Steel supporting sleeve

Style Designator:

Flat race surface, simplified double acting, cylindrical rollers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
