Thrust Ball Bearing - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3110-00-195-4780

Overall Height:
11.00 millimeters
Overall Outside Diameter:
47.00 millimeters
Bore Smallest Diameter:
30.0 millimeters
Largest Bore Diameter:
30.1 millimeters
Surface Finish:
Ground
Retainer Fabrication Method:
Pressed
Alignment Type:
Rigid
Thrust Directional Capability Designation:
Single
Standard Tolerance Designation:
Afbma standard tolerance for thrust bearings
Special Features:
Single row, grooved race surface
Material:
Steel retainer
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A044a0
