Overall Height:

Between 0.7450 inches and 0.7550 inches

Overall Outside Diameter:

Between 0.9970 inches and 1.0000 inches

Surface Finish:

Ground

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Special Features:

Solid thrust washers grooved, balls and thrust washers held together by a center pin

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
