Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Special Features:

Small bore washer 0.6250 in. Height with shoulder, large bore washer 0.3125 in. High, keyway in id

Material:

Nickel alloy ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
