Overall Width:

0.1562 inches

Overall Outside Diameter:

0.3750 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Load Direction:

Radial

Bore Shape:

Straight

Internal Fit-up Designation:

Standard

Standard Tolerance Designation:

Abec no.5

Special Features:

No inner ring, 0.1877 in. Min and 0.1881 in. Maximum inside bearing working dia

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
