Overall Height:

Between 0.7600 inches and 0.7700 inches

Bore Diameter:

Between 1.5030 inches and 1.5080 inches

Overall Outside Diameter:

Between 2.5938 inches and 2.6038 inches

End Application:

Hemtt (heavy expanded mobility tactical truck)

Surface Finish:

Unground

Retainer Fabrication Method:

Pressed

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Special Features:

Banded od w/oil holes in band also 0.032din. Radius on bore corner also channel race surface

Material:

Steel

Style Designator:

Tapered rollers, banded od

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
