**Overall Height:**

Between 0.7600 inches and 0.7700 inches

**Bore Diameter:**

Between 1.5030 inches and 1.5080 inches

**Overall Outside Diameter:**

Between 2.5938 inches and 2.6038 inches

**End Application:**

Hemtt (heavy expanded mobility tactical truck)

**Surface Finish:**

Unground

**Retainer Fabrication Method:**

Pressed

**Alignment Type:**

Rigid

**Thrust Directional Capability Designation:**

Single

**Special Features:**

Banded od w/oil holes in band also 0.032din. Radius on bore corner also channel race surface

**Material:**

Steel

**Style Designator:**

Tapered rollers, banded od

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A044a0
