Thrust Roller Bearing - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3110-00-227-4673

### **Overall Height:**

Between 0.7600 inches and 0.7700 inches

#### **Bore Diameter:**

Between 1.5030 inches and 1.5080 inches

# **Overall Outside Diameter:**

Between 2.5938 inches and 2.6038 inches

#### **End Application:**

Hemtt (heavy expanded mobility tactical truck)

# Surface Finish:

Unground

# Retainer Fabrication Method:

Pressed

#### Alignment Type:

Rigid

#### **Thrust Directional Capability Designation:**

Single

#### **Special Features:**

Banded od w/ooil holes in band also 0.032din. Radius on bore corner also channel race surface

#### Material:

Steel

### Style Designator:

Tapered rollers, banded od

# Shelf Life:

N/a

#### Unit Of Measure:

---

# Demilitarization:

No

#### Fiig:

A044a0
