Rolling Element Diameter:

0.1875 inches

Standard Tolerance Designation:

Afbma standard tolerance for balls, grade 10

Material:

Tungsten carbide

Material Specification:

44a, fscm 10627 mfr ref single material response

Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
