Overall Height:

0.7970 inches

Overall Outside Diameter:

3.5000 inches

Bore Smallest Diameter:

Between 2.0625 inches and 2.0635 inches

Surface Finish:

Ground

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Special Features:

Bronze or steel ferrule in id of large washer, large washer undercut to retain ferrule, lubricating notch cut in id of small washer, washers overlap, banded od

Material:

Steel washer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
