Overall Height:

Between 4.0520 inches and 4.0550 inches

Bore Diameter:

Between 6.6919 inches and 6.6929 inches

Overall Outside Diameter:

Between 13.3730 inches and 13.3750 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Alignment Type:

Self-aligning

Thrust Directional Capability Designation:

Single

Self-alignment Location:

Internal

Material:

Steel washer

Style Designator:

Spherical rollers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
