Overall Height:

1.0310 inches

Bore Diameter:

2.0720 inches

Overall Outside Diameter:

3.6720 inches

Surface Finish:

Ground

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Standard Tolerance Designation:

Afbma standard tolerance for thrust bearings

Special Features:

Six oil holes 0.188 in. Diameter equally spaced in band

Material:

Steel

Style Designator:

Tapered rollers, banded od

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
