Cross Sectional Shape:

Raised surface w/ aperture

Length:

2.620 inches

Mounting Hole Diameter:

Between 0.211 inches and 0.227 inches

Aperture Diameter:

1.450 inches

Overall Thickness:

0.875 inches

Raised Surface Height:

Between 0.720 inches and 0.722 inches

Mounting Hole Type:

Round, unthreaded

Outside Raised Surface Diameter:

1.875 inches

Material:

Aluminum alloy 2024

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2 military specification single treatment response

Style Designator:

Square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A093a0

Mil-std (military Standard):

Mil-a-8625 spec.
