Cross Sectional Shape:
Raised surface w/ aperture
Length:
2.620 inches
Mounting Hole Diameter:
Between 0.211 inches and 0.227 inches
Aperture Diameter:
1.450 inches
Overall Thickness:
0.875 inches
Raised Surface Height:
Between 0.720 inches and 0.722 inches
Mounting Hole Type:
Round, unthreaded
Outside Raised Surface Diameter:
1.875 inches
Material:
Aluminum alloy 2024
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625, type 2 military specification single treatment response
Style Designator:
Square
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A093a0
Mil-std (military Standard):
Mil-a-8625 spec.
