Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Load Direction:

Radial

Bore Shape:

Straight

Internal Clearance:

0.0036 inches radial and 0.0048 inches radial

Standard Tolerance Designation:

Abec no.5

Material:

Steel comp m50 outer ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
