Duplex Ball Bearing - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3110-00-516-5398

Overall Width:
Between 0.6249 inches and 0.6299 inches
Bore Diameter:
Between 1.1807 inches and 1.1811 inches
Overall Outside Diameter:
Between 2.4360 inches and 2.4380 inches
Surface Finish:
Ground
Retainer Fabrication Method:
Pressed
Load Direction:
Angular
Bearing Preload Designation:
Light
Special Features:
40 degrees contact angle
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A044a0
