Rolling Element Diameter:

Between 0.1874 inches and 0.1876 inches

Standard Tolerance Designation:

Afbma standard tolerance for balls, grade 100

Special Features:

Surface finish 1.5 microinches

Material:

Ceramic

Material Specification:

Grade 25, fscm 80234 mfr ref single material response

Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
