Overall Height:

Between 0.6200 inches and 0.6300 inches

Bore Diameter:

Between 2.0060 inches and 2.0140 inches

Overall Outside Diameter:

Between 2.9375 inches and 2.9475 inches

Surface Finish:

Unground

Retainer Fabrication Method:

Machined

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Special Features:

Oil hole in band also 1/32 in. Bore radius

Material:

Steel

Style Designator:

Tapered rollers, banded od

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
