Overall Height:

Between 3.0660 inches and 3.0710 inches

Bore Diameter:

Between 4.7236 inches and 4.7244 inches

Overall Outside Diameter:

Between 9.8300 inches and 9.8320 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Alignment Type:

Self-aligning

Thrust Directional Capability Designation:

Single

Self-alignment Location:

Internal

Material:

Steel washer

Style Designator:

Spherical rollers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
