Surface Finish:

Ground

Retainer Fabrication Method:

Pressed

Bore Shape:

Straight

Locating Feature:

Nonlocating

Internal Clearance:

0.0010 inches radial and 0.0014 inches radial

Standard Tolerance Designation:

Abec no.5

Material:

Steel comp m50 roller

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
