Lubrication Material:

Grease

Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Internal Clearance:

0.0008 inches radial and 0.0014 inches radial

Standard Tolerance Designation:

Abec no.5

Special Features:

With inner and outer ring spacers

Material:

Steel comp m50 outer ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
