Overall Height:

Between 0.6675 inches and 0.7075 inches

Overall Outside Diameter:

5.0000 inches

Bore Smallest Diameter:

Between 3.8800 inches and 3.9000 inches

Surface Finish:

Unground

Retainer Fabrication Method:

Machined

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Standard Tolerance Designation:

Afbma standard tolerance for thrust bearings

Special Features:

Four 0.1875 in. Oil holes in banded od

Material:

Steel washer

Style Designator:

Grooved race surface, banded od

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
