Thrust Roller Bearing - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3110-00-621-5239

# **Overall Height:**

Between 0.4950 inches and 0.5050 inches

# Bore Diameter:

Between 0.7580 inches and 0.7640 inches

# **Overall Outside Diameter:**

Between 1.6250 inches and 1.6350 inches

#### Surface Finish:

Unground

# **Retainer Fabrication Method:**

Machined

# Alignment Type:

Rigid

#### Thrust Directional Capability Designation:

Single

# **Special Features:**

Oil hole in band also 1/32 in. By 45 degrees bore radius

# Material:

Steel

# Style Designator:

Tapered rollers, banded od

#### Shelf Life:

N/a

#### Unit Of Measure:

--

#### Demilitarization:

No

# Fiig:

A044a0
